2015 A Great Year for Marc Bowen Productions

In 2015 we produced a wide variety of media projects, from full-blown high-end commercials and long form video to informational training programs and video clips for the web. Some of the 2015 clients and projects include:

- **Hoffman Construction Company** – A Pride in Your Work video for subcontractors helping to build the new Simplot Corporate Headquarters in Boise Idaho.
- **Erickson Incorporated** - A Branding video to show at trade shows and as a marketing tool.
- **Blount International, Inc.** - Several quarterly videos featuring the CEO and President that provided employees with information and insights on company strategy and other feature topics to enhance employee engagement.
- **Portland Community College** - A video informing of the Capital improvements and community/student/faculty benefits made as a result of a Bond Measure that was passed in 2008.
- **Trooper LLC / Oregon State Fair** – TV and radio commercials promoting the 2015 Oregon State Fair.
- **Tigard Police** – Teen Driver Safety, a video to play in shopping center kiosks, as well as social media to describe the 8 Danger Zones for teen drivers.
- **Learning.com** – several new and revised on-line video tutorials for Learning.com products.

Thank you to all clients and vendors that helped to make 2015 a fantastic year.

Marc Bowen Productions has been a Portland based film and video production company since 1981. We excel at media projects for: corporate websites, social media, corporate image videos, product and service marketing productions, broadcast commercials, employee orientation and training, informational/fundraising productions and documentaries to name a few.

We welcome the opportunity to discuss needs and specific projects. Let me know if we can be of service.
